Hi, sorry to have missed you. I don't know if you can contact the Veterans Council about the Veterans Memorial Park. I took these pictures Saturday and am very disappointed it still looks the same. I am aware the Park is "taken care of" by the Veterans Council, but it reflects poorly on Middleborough. There seems to be a disregard for the flags as I went to Muckey's after the dedication of the mural, and unfortunately the flags were bad in that picture as well, so this seems to be an ongoing issue. Possibly Paul + his "82nd Airborne" friends can be responsible for this?

General comments and observations:

Met with contractor on site. No material being moved at the time of inspection. There was a water truck spraying the roadways in an effort to keep the dust under control. The slopes located at the back of the Rocky Meadow street abutters had been reshaped and seeded. There are areas that still require attention. The contractor will work on these areas.
