Please join us for an
Informative Breakfast Meeting on
GATRA's Transit Plan
for your region

Monday, February 29, 2016
8:30 AM - 10:00 AM

The Rosebrook Event Center
Wareham Towneplace Suites by Marriott
50 Rosebrook Place, Wareham, MA

In September 2015, GATRA released the final report of its **Regional Transit Plan**.
Please join this important meeting to learn how GATRA is working to improve
transportation service in the region. The agenda will include:

- **Summary of GATRA's Regional Transit Plan**
- **Review of the Regional Recommendations on Ways to Improve Transportation**
 - **Discussion on the Budget & Next Steps**

January 27, 2016

To our Town Officials:

We would like to thank you for your support of our recent fundraising event, the RUN FOR YOUR LUNCH 5.5K, which was held on Sunday, January 17, 2016 in North Middleboro.

We are glad to have our town support for our special events as well as All Are Welcome and our mission in the community!

We look forward to growing our mission and our presence in town over the next couple of years and hope we can count on the continued support of our town officers going forward-

Thank you again for your consideration and cooperation.

Sincerely,

Karen J. Cook
Executive Manager

RE: Town of Middleborough CPC application for Woloski Park

Dear Chairman Frawley,

The Massachusetts Department of Fish and Game (DFG) is pleased to provide this letter of support for the Town of Middleborough's Community Preservation Committee application for Woloski Park.

Existing houses in the Woloski Park area have experienced serious and recurring flooding. The Town's proposed flood hazard mitigation project at Woloski Park will be funded primarily with federal FEMA funds and will enable the Town to acquire several of the flood-prone parcels along the Taunton River, remove the existing structures, and make the "undeveloped" parcels available as permanently protected open space.

Our agency already owns several parcels near or abutting the area known as Woloski Park. In 1998, DFG acquired approximately 14 acres at the confluence of the Taunton River and Nemasket River and acquired another 13 acres along Purchase Brook in 2013. Although we cannot commit to purchasing the Woloski Park parcels at this time, our agency is very interested in exploring the possibility of adding these parcels to our existing Taunton River Wildlife Management Area once the structures have been removed. We look forward to working with the Town of Middleborough on this innovative project as it moves forward.

Sincerely,

George N. Peterson, Jr.
Commissioner

Subject: Annual Complaint Filing

Dear Board of Selectmen,

Pursuant to M.G.L. c. 166A, §10, Verizon New England, Inc. ("Verizon New England") is required to file with the Department of Telecommunications and Cable and Issuing Authorities an annual report on complaints received regarding our FiOS TV service. The report reflects complaints received by Verizon during the previous year ending December 31. The Department of Telecommunications and Cable has adopted Form 500 as the prescribed form for complying with this annual reporting requirement. Please find attached Verizon New England's 2015 Form 500 for the Town of Middleborough.

Should you or your staff have any questions, please contact me at 617-342-0558. Verizon New England appreciates the opportunity to conduct business in your community, and we look forward to a long and rewarding relationship.

Sincerely,

A handwritten signature in cursive script that reads "Jill M. Reddish".

B. Findings

1. Findings pursuant to the Massachusetts Wetlands Protection Act:

Following the review of the above-referenced Notice of Intent and based on the information provided in this application and presented at the public hearing, this Commission finds that the areas in which work is proposed is significant to the following interests of the Wetlands Protection Act (the Act). Check all that apply:

- a. Public Water Supply b. Land Containing Shellfish c. Prevention of Pollution
- d. Private Water Supply e. Fisheries f. Protection of Wildlife Habitat
- g. Groundwater Supply h. Storm Damage Prevention i. Flood Control

2. This Commission hereby finds the project, as proposed, is: (check one of the following boxes)

Approved subject to:

- a. the following conditions which are necessary in accordance with the performance standards set forth in the wetlands regulations. This Commission orders that all work shall be performed in accordance with the Notice of Intent referenced above, the following General Conditions, and any other special conditions attached to this Order. To the extent that the following conditions modify or differ from the plans, specifications, or other proposals submitted with the Notice of Intent, these conditions shall control.

Plan & Document List

Denied because:

- b. the proposed work cannot be conditioned to meet the performance standards set forth in the wetland regulations. Therefore, work on this project may not go forward unless and until a new Notice of Intent is submitted which provides measures which are adequate to protect the interests of the Act, and a final Order of Conditions is issued. **A description of the performance standards which the proposed work cannot meet is attached to this Order.**
- c. the information submitted by the applicant is not sufficient to describe the site, the work, or the effect of the work on the interests identified in the Wetlands Protection Act. Therefore, work on this project may not go forward unless and until a revised Notice of Intent is submitted which provides sufficient information and includes measures which are adequate to protect the Act's interests, and a final Order of Conditions is issued. **A description of the specific information which is lacking and why it is necessary is attached to this Order as per 310 CMR 10.05(6)(c).**
- 3. Buffer Zone Impacts: Shortest distance between limit of project disturbance and the wetland resource area specified in 310 CMR 10.02(1)(a) _____ a. linear feet

C. General Conditions Under Massachusetts Wetlands Protection Act

The following conditions are only applicable to Approved projects.

1. Failure to comply with all conditions stated herein, and with all related statutes and other regulatory measures, shall be deemed cause to revoke or modify this Order.
2. The Order does not grant any property rights or any exclusive privileges; it does not authorize any injury to private property or invasion of private rights.
3. This Order does not relieve the permittee or any other person of the necessity of complying with all other applicable federal, state, or local statutes, ordinances, bylaws, or regulations.
4. The work authorized hereunder shall be completed within three years from the date of this Order unless either of the following apply:
 - a. The work is a maintenance dredging project as provided for in the Act; or
 - b. The time for completion has been extended to a specified date more than three years, but less than five years, from the date of issuance. If this Order is intended to be valid for more than three years, the extension date and the special circumstances warranting the extended time period are set forth as a special condition in this Order.
 - c. If the work is for a Test Project, this Order of Conditions shall be valid for no more than one year.
5. This Order may be extended by the issuing authority for one or more periods of up to three years each upon application to the issuing authority at least 30 days prior to the expiration date of the Order. An Order of Conditions for a Test Project may be extended for one additional year only upon written application by the applicant, subject to the provisions of 310 CMR 10.05(11)(f).
6. If this Order constitutes an Amended Order of Conditions, this Amended Order of Conditions does not extend the issuance date of the original Final Order of Conditions and the Order will expire on _____ unless extended in writing by the Department.
7. Any fill used in connection with this project shall be clean fill. Any fill shall contain no trash, refuse, rubbish, or debris, including but not limited to lumber, bricks, plaster, wire, lath, paper, cardboard, pipe, tires, ashes, refrigerators, motor vehicles, or parts of any of the foregoing.

C. General Conditions Under Massachusetts Wetlands Protection Act

8. This Order is not final until all administrative appeal periods from this Order have elapsed, or if such an appeal has been taken, until all proceedings before the Department have been completed.
9. No work shall be undertaken until the Order has become final and then has been recorded in the Registry of Deeds or the Land Court for the district in which the land is located, within the chain of title of the affected property. In the case of recorded land, the Final Order shall also be noted in the Registry's Grantor Index under the name of the owner of the land upon which the proposed work is to be done. In the case of the registered land, the Final Order shall also be noted on the Land Court Certificate of Title of the owner of the land upon which the proposed work is done. The recording information shall be submitted to the Conservation Commission on the form at the end of this Order, which form must be stamped by the Registry of Deeds, prior to the commencement of work.
10. A sign shall be displayed at the site not less than two square feet or more than three square feet in size bearing the words,

"Massachusetts Department of Environmental Protection" [or, "MassDEP"]
"File Number SE220-1267 "
11. Where the Department of Environmental Protection is requested to issue a Superseding Order, the Conservation Commission shall be a party to all agency proceedings and hearings before MassDEP.
12. Upon completion of the work described herein, the applicant shall submit a Request for Certificate of Compliance (WPA Form 8A) to the Conservation Commission.
13. The work shall conform to the plans and special conditions referenced in this order.
14. Any change to the plans identified in Condition #13 above shall require the applicant to inquire of the Conservation Commission in writing whether the change is significant enough to require the filing of a new Notice of Intent.
15. The Agent or members of the Conservation Commission and the Department of Environmental Protection shall have the right to enter and inspect the area subject to this Order at reasonable hours to evaluate compliance with the conditions stated in this Order, and may require the submittal of any data deemed necessary by the Conservation Commission or Department for that evaluation.
16. This Order of Conditions shall apply to any successor in interest or successor in control of the property subject to this Order and to any contractor or other person performing work conditioned by this Order.

C. General Conditions Under Massachusetts Wetlands Protection Act (cont.)

17. Prior to the start of work, and if the project involves work adjacent to a Bordering Vegetated Wetland, the boundary of the wetland in the vicinity of the proposed work area shall be marked by wooden stakes or flagging. Once in place, the wetland boundary markers shall be maintained until a Certificate of Compliance has been issued by the Conservation Commission.
18. All sedimentation barriers shall be maintained in good repair until all disturbed areas have been fully stabilized with vegetation or other means. At no time shall sediments be deposited in a wetland or water body. During construction, the applicant or his/her designee shall inspect the erosion controls on a daily basis and shall remove accumulated sediments as needed. The applicant shall immediately control any erosion problems that occur at the site and shall also immediately notify the Conservation Commission, which reserves the right to require additional erosion and/or damage prevention controls it may deem necessary. Sedimentation barriers shall serve as the limit of work unless another limit of work line has been approved by this Order.
19. The work associated with this Order (the "Project")
- (1) is subject to the Massachusetts Stormwater Standards
 - (2) is NOT subject to the Massachusetts Stormwater Standards

If the work is subject to the Stormwater Standards, then the project is subject to the following conditions:

- a) All work, including site preparation, land disturbance, construction and redevelopment, shall be implemented in accordance with the construction period pollution prevention and erosion and sedimentation control plan and, if applicable, the Stormwater Pollution Prevention Plan required by the National Pollution Discharge Elimination System Construction General Permit as required by Stormwater Condition 8. Construction period erosion, sedimentation and pollution control measures and best management practices (BMPs) shall remain in place until the site is fully stabilized.
- b) No stormwater runoff may be discharged to the post-construction stormwater BMPs unless and until a Registered Professional Engineer provides a Certification that:
 - i.* all construction period BMPs have been removed or will be removed by a date certain specified in the Certification. For any construction period BMPs intended to be converted to post construction operation for stormwater attenuation, recharge, and/or treatment, the conversion is allowed by the MassDEP Stormwater Handbook BMP specifications and that the BMP has been properly cleaned or prepared for post construction operation, including removal of all construction period sediment trapped in inlet and outlet control structures;
 - ii.* as-built final construction BMP plans are included, signed and stamped by a Registered Professional Engineer, certifying the site is fully stabilized;
 - iii.* any illicit discharges to the stormwater management system have been removed, as per the requirements of Stormwater Standard 10;

C. General Conditions Under Massachusetts Wetlands Protection Act (cont.)

iv. all post-construction stormwater BMPs are installed in accordance with the plans (including all planting plans) approved by the issuing authority, and have been inspected to ensure that they are not damaged and that they are in proper working condition;

v. any vegetation associated with post-construction BMPs is suitably established to withstand erosion.

c) The landowner is responsible for BMP maintenance until the issuing authority is notified that another party has legally assumed responsibility for BMP maintenance. Prior to requesting a Certificate of Compliance, or Partial Certificate of Compliance, the responsible party (defined in General Condition 18(e)) shall execute and submit to the issuing authority an Operation and Maintenance Compliance Statement ("O&M Statement") for the Stormwater BMPs identifying the party responsible for implementing the stormwater BMP Operation and Maintenance Plan ("O&M Plan") and certifying the following:

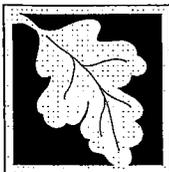

i.) the O&M Plan is complete and will be implemented upon receipt of the Certificate of Compliance, and

ii.) the future responsible parties shall be notified in writing of their ongoing legal responsibility to operate and maintain the stormwater management BMPs and implement the Stormwater Pollution Prevention Plan.

d) Post-construction pollution prevention and source control shall be implemented in accordance with the long-term pollution prevention plan section of the approved Stormwater Report and, if applicable, the Stormwater Pollution Prevention Plan required by the National Pollution Discharge Elimination System Multi-Sector General Permit.

e) Unless and until another party accepts responsibility, the landowner, or owner of any drainage easement, assumes responsibility for maintaining each BMP. To overcome this presumption, the landowner of the property must submit to the issuing authority a legally binding agreement of record, acceptable to the issuing authority, evidencing that another entity has accepted responsibility for maintaining the BMP, and that the proposed responsible party shall be treated as a permittee for purposes of implementing the requirements of Conditions 18(f) through 18(k) with respect to that BMP. Any failure of the proposed responsible party to implement the requirements of Conditions 18(f) through 18(k) with respect to that BMP shall be a violation of the Order of Conditions or Certificate of Compliance. In the case of stormwater BMPs that are serving more than one lot, the legally binding agreement shall also identify the lots that will be serviced by the stormwater BMPs. A plan and easement deed that grants the responsible party access to perform the required operation and maintenance must be submitted along with the legally binding agreement.

f) The responsible party shall operate and maintain all stormwater BMPs in accordance with the design plans, the O&M Plan, and the requirements of the Massachusetts Stormwater Handbook.

C. General Conditions Under Massachusetts Wetlands Protection Act (cont.)

- g) The responsible party shall:
1. Maintain an operation and maintenance log for the last three (3) consecutive calendar years of inspections, repairs, maintenance and/or replacement of the stormwater management system or any part thereof, and disposal (for disposal the log shall indicate the type of material and the disposal location);
 2. Make the maintenance log available to MassDEP and the Conservation Commission ("Commission") upon request; and
 3. Allow members and agents of the MassDEP and the Commission to enter and inspect the site to evaluate and ensure that the responsible party is in compliance with the requirements for each BMP established in the O&M Plan approved by the issuing authority.
- h) All sediment or other contaminants removed from stormwater BMPs shall be disposed of in accordance with all applicable federal, state, and local laws and regulations.
- i) Illicit discharges to the stormwater management system as defined in 310 CMR 10.04 are prohibited.
- j) The stormwater management system approved in the Order of Conditions shall not be changed without the prior written approval of the issuing authority.
- k) Areas designated as qualifying pervious areas for the purpose of the Low Impact Site Design Credit (as defined in the MassDEP Stormwater Handbook, Volume 3, Chapter 1, Low Impact Development Site Design Credits) shall not be altered without the prior written approval of the issuing authority.
- l) Access for maintenance, repair, and/or replacement of BMPs shall not be withheld. Any fencing constructed around stormwater BMPs shall include access gates and shall be at least six inches above grade to allow for wildlife passage.

Special Conditions (if you need more space for additional conditions, please attach a text document):

See Attached Standard Conditions

- Special Conditions: 1) To install erosion controls around the spoils for well casings
2) To steam clean equipment prior to wetland work.**

-
20. For Test Projects subject to 310 CMR 10.05(11), the applicant shall also implement the monitoring plan and the restoration plan submitted with the Notice of Intent. If the conservation commission or Department determines that the Test Project threatens the public health, safety or the environment, the applicant shall implement the removal plan submitted with the Notice of Intent or modify the project as directed by the conservation commission or the Department.

Standard Conditions

DEP File #: SE220-1267

Applicant: Susan McArthur, MassDOT Highway Div.

1. A member of the Conservation Commission or its agent may enter and inspect the property and the activity that are the subjects of this Order of Conditions (OOC) at all reasonable times, with or without probable cause or prior notice, and until a Certificate of Compliance (COC) is issued, for the limited purpose of evaluating compliance with this OOC.
2. The term “applicant” as used in this OOC shall refer to the owner, any successor in interest or successor in control of the property referenced in the Notice of Intent, supporting documents and this OOC. The Commission shall be notified in writing within 30 days of all transfers of title of any portion of property that take place prior to the issuance of the COC.
3. This document shall be included by reference in all contracts, plans and specifications dealing with the activity that is the subject of this OOC, and that are created or modified after the issuance date of this OOC, along with a statement that this OOC shall supersede any conflicting contractual arrangements, plans or specifications.
4. The applicant shall provide a copy of this OOC to the person or persons supervising the activity that is the subject of this OOC, and will be responsible for ensuring that all persons performing the permitted activity are fully aware of the terms and conditions of this OOC.
5. If any change is made in the above-described plan(s) which may or will alter an area subject to protection under the Wetlands Protection Act, 310 CMR 10.00, the applicant shall inquire from this Commission or its agent, prior to implementing the change in the field, whether the change is significant enough to require the filing of a new Notice of Intent. Any errors in the plans or information submitted by the applicant shall be considered changes and the above procedures shall be followed.
6. It is the responsibility of the applicant to complete any review required by all agencies with jurisdiction over the activity that is the subject of this OOC, and to procure all required permits or approvals before any work commences. These reviews, permits and approvals may include but are not limited to the following:
 - a. Review by the U.S. Army Corps of Engineers for any Category 2 or Individual Permit activity, and procurement of any permits or approvals identified by the Corps;
 - b. Review by the Department of Environmental Protection (DEP) and procurement of any permits or approvals identified by DEP;

Standard Conditions

DEP File #: SE220-1267

Applicant: Susan McArthur, MassDOT Highway Div.

- c. Review by the Massachusetts Natural Heritage and Endangered Species Program for any projects within estimated and/or priority habitat and any permits or approvals identified by the Program;
 - d. Review by local planning boards, boards of health, zoning boards, and building inspectors, and procurement of any permits or approvals required by these boards or agencies.
7. All construction materials, earth stockpiles, landscaping materials, slurry pits, waste products, refuse, debris, stumps, slash, or excavate may only be stockpiled or collected in areas as shown and labeled on the approved plan(s), or if no such areas are shown must be placed or stored outside all resource areas and associated buffer zones (unless authorized to do so) under cover and surrounded by a double-staked row of hay bales to prevent contact with rain water.
8. No material of any kind may be buried, placed or dispersed in areas within the jurisdiction of the Commission by activities that are the subject of this OOC, except as are expressly permitted by this OOC or the plans approved herein.
9. There shall be no pumping of water from wetland resource areas.
10. All waste products, grubbed stumps, slash, construction materials, etc. shall be deposited at least 100 feet from wetland resource areas unless specified in this OOC.
11. No fuel, oil, or other pollutants shall be stored in any resource area or the buffer zone thereto, unless specified in this OOC or expressly authorized by the Commission or their agent.
12. Any material placed in wetland resource areas by the applicant without express authorization under this OOC shall be removed by the applicant upon demand by the Conservation Commission or its agent.
13. There shall be no underground storage of fuel or other hazardous substance in areas within the jurisdiction of the Conservation Commission.
14. Removal and storage of hazardous waste, if in an area subject to protection under the Wetlands Protection Act shall be as follows:
 - a. Removal and storage shall be conducted only when approved and directed by DEP, the U.S. Environmental Protection Agency (EPA) or other applicable state or federal agency under which remedial activities are

Standard Conditions

DEP File #: SE220-1267

Applicant: Susan McArthur, MassDOT Highway Div.

- b. directed and shall be conducted in the manner specified in the Notice of Intent and appropriate agency directives.
 - c. All hazardous materials, products and waste produced , stored or removed must be handled, treated and disposed of in accordance with local, state and federal law regulating such materials and must be located outside of the buffer zone to wetland resource areas, unless specifically authorized by the OOC and appropriate state and federal licensing and permitting agencies.
 - d. No hazardous waste shall be introduced or discharged into or toward wetland resource areas.
 - e. No hazardous waste shall be introduced or discharged into the sanitary or sewage systems in such a manner which will result in an impact to wetland resource areas unless approved by the Conservation Commission, board of health, DEP and/or EPA.
 - f. Identification of all types of hazardous materials used, produced or stored shall be submitted to the Conservation Commission in writing.
15. No trash dumpsters will be allowed within 100 feet of areas subject to protection under the Wetlands Protection Act unless authorized by the OOC.
16. This OOC shall pertain to the roadways, utilities within the roadway layout, and associated drainage facilities. Individual lot construction, including driveways, lot utilities, sewage and water, if under the Commission's jurisdiction, shall require individual Notices of Intent and/or Requests for Determination.
17. This OOC authorizes only the activity described on the approved plans(s) and approved documents referenced in this OOC. Any other or additional activity in areas within the jurisdiction of the Commission will require separate review and approval by the Commission or its agent.

Strict compliance with these Standard Conditions may be waived when in the judgment of the Conservation Commission such action is in the public interest and not inconsistent with the Wetlands Protection Act.

D. Findings Under Municipal Wetlands Bylaw or Ordinance

- 1. Is a municipal wetlands bylaw or ordinance applicable? Yes No
- 2. The _____ hereby finds (check one that applies):

Conservation Commission

- a. that the proposed work cannot be conditioned to meet the standards set forth in a municipal ordinance or bylaw, specifically:

1. Municipal Ordinance or Bylaw

2. Citation

Therefore, work on this project may not go forward unless and until a revised Notice of Intent is submitted which provides measures which are adequate to meet these standards, and a final Order of Conditions is issued.

- b. that the following additional conditions are necessary to comply with a municipal ordinance or bylaw:

1. Municipal Ordinance or Bylaw

2. Citation

- 3. The Commission orders that all work shall be performed in accordance with the following conditions and with the Notice of Intent referenced above. To the extent that the following conditions modify or differ from the plans, specifications, or other proposals submitted with the Notice of Intent, the conditions shall control.

The special conditions relating to municipal ordinance or bylaw are as follows (if you need more space for additional conditions, attach a text document):

E. Signatures

This Order is valid for three years, unless otherwise specified as a special condition pursuant to General Conditions #4, from the date of issuance.

Please indicate the number of members who will sign this form.

This Order must be signed by a majority of the Conservation Commission.

The Order must be mailed by certified mail (return receipt requested) or hand delivered to the applicant. A copy also must be mailed or hand delivered at the same time to the appropriate Department of Environmental Protection Regional Office, if not filing electronically, and the property owner, if different from applicant.

F. Appeals

The applicant, the owner, any person aggrieved by this Order, any owner of land abutting the land subject to this Order, or any ten residents of the city or town in which such land is located, are hereby notified of their right to request the appropriate MassDEP Regional Office to issue a Superseding Order of Conditions. The request must be made by certified mail or hand delivery to the Department, with the appropriate filing fee and a completed Request of Departmental Action Fee Transmittal Form, as provided in 310 CMR 10.03(7) within ten business days from the date of issuance of this Order. A copy of the request shall at the same time be sent by certified mail or hand delivery to the Conservation Commission and to the applicant, if he/she is not the appellant.

Any appellants seeking to appeal the Department's Superseding Order associated with this appeal will be required to demonstrate prior participation in the review of this project. Previous participation in the permit proceeding means the submission of written information to the Conservation Commission prior to the close of the public hearing, requesting a Superseding Order, or providing written information to the Department prior to issuance of a Superseding Order.

The request shall state clearly and concisely the objections to the Order which is being appealed and how the Order does not contribute to the protection of the interests identified in the Massachusetts Wetlands Protection Act (M.G.L. c. 131, § 40), and is inconsistent with the wetlands regulations (310 CMR 10.00). To the extent that the Order is based on a municipal ordinance or bylaw, and not on the Massachusetts Wetlands Protection Act or regulations, the Department has no appellate jurisdiction.
