

HEARINGS, MEETINGS, LICENSES

3-31-14

There's camping.
And there's KOA.®

March 17, 2014

Board of Health,

I hereby request an opportunity to appear before you in pursuit of variance 440.26 to allow our deluxe cabin units to remain on site while stored Dec 31 – Mar 1. Moving these units would incur much expense and be damaging to the business.

Being allowed to close up the units, disconnect the power and shut down the water during this time allows us to be within the spirit of the law not allowing year around guests. In addition to closing them we own the units and do not rent them monthly.

We also ask to be released from registering them as trailers with the state as there is no plan of taking them off property.

Respectfully submitted,

Mo Vandesteene

General Manager

Boston/Cape Cod KOA
