Subject: Please, pass this information along, to anyone unemployed that would like to create a newsworthy article and search for employment.

MIDDLEBOROUGH'S UNEMPLOYMENT WORKSHOP

Middleborough Public Library

12-1:30 pm

June 8 and 15, 2011

Speaker and Journalist Louise Dery – Wells LI.C.S.W. 

Will work on a project for two weeks to develop an enlighten article for a local column.

Please, join us in this exercise of positive communication on the topic of unemployment.

Exercising some control over your image as a potential employee is important. Practice that skill while also communicating something positive to the general public and potential employers about your experience of being unemployed AND your capabilities. Individuals are invited to reflect on what he or she would like to communicate about his/herself and to become part of a small writing project. That would involve working with Louise Dery - Wells on an article for the July issue of Hard Times on the topic of unemployment. This might help each person with writing as well as marketing skills but also to communicate some of the individual thoughts and feelings about each individual situation, which can be done anonymously or otherwise. The public would benefit from a more accurate understanding of the topic.
