Hi Jackie:

Please put the extension on the agenda for 6/13 for discussion and vote. I realize we said no further extensions but I think in these particular circumstances, it would be fair to at least have the discussion.

Thanks,
Diane

Thank you Jackie,

In addition to the continuation of the public hearing, the Board will also need to vote on the extension of the current Earth Removal Permit to 6/20/16. Please accept this as a formal request for continuation of both the public hearing and the extension of the current Permit to 6/20/16.

When can expect the review letter from Atlantic Design ? As a professional courtesy, we would like to have ample time prior to the hearing to address any final comments Atlantic Design may have.

As a point of information, work is currently ongoing at the site towards the completion of the Phase I bog areas and finish stabilization of the adjacent areas around the reservoir.

Sincerely,

Ken Motta

Hi Ken,

Atlantic Engineering and the Selectmen's office just received your updated information relative to the Fuller Street Earth Removal hearing on Tuesday. It is not possible for Atlantic to review the amount of material provided and reply to the Board in time for the 6/13/16 continued hearing.

Please note that the Board will be voting to continue the hearing to 6/20/16. You may appear Monday evening if you wish, but the Chairman has advised that the hearing will be continued.

Thank you.

Jackie
