Thank you for speaking with me this morning.

Plymouth & Brockton Street Railway Company's new bus route stops in Plymouth, Middleborough, Taunton, Somerset and Providence. We are currently in the pilot stages of this bus route and we would like to better serve Middleborough.

We currently serve college students, elderly, tourists and commuters. Beginning in June our schedule will expand to include weekends.

I would like to meet with the Selectmen to learn how P&B can better serve Middleborough.

Thank you,

Michelle Spinelli
