Town of Middleborough
Board of Selectmen
Nickerson Avenue
Middleborough, MA 02346

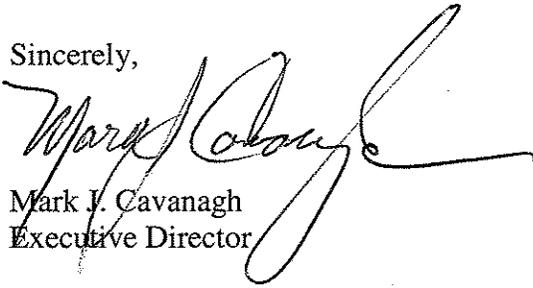

Dear Sir/Madam:

The Massachusetts State Lottery Commission is offering existing non-pouring agents our exciting new product KENO To Go, a transaction which is identical to the already existing on-line games, such as Megabucks and Mass Cash. The Lottery is not providing agents with Keno monitors as part of this program.

In accordance with M.G.L. c 10, section 27A, as amended, you are hereby notified that there are existing agents in your community that are qualified to apply for KENO To Go. A list of qualified agents is attached. If you object to these agents selling KENO To Go, you must do so, in writing, within twenty-one (21) days of receipt of this letter. *by 10/7*

Please address your written objection to Charles McIntyre, General Counsel, Massachusetts State Lottery Commission, 60 Columbian Street, Braintree, MA 02184. Should you have any questions regarding this program or any other issue relative to the Lottery, please call me at 781-849-5555 or send your inquiry via email to kenoletters@masslottery.com. I look forward to working with you as the Lottery continues its' efforts to support the 351 cities and towns of the Commonwealth.

Sincerely,

Mark J. Cavanagh
Executive Director

RE: Use of Town Hall Parking Lot

Gentlemen:

We would like to request the use of the Town Hall parking lot for our third annual *Trunk or Treat* program. This will be on Friday, October 31 from 5:00 p.m. to about 8:00 p.m.. Children in the community will be invited to come to the parking lot where cars from our church will have their trunk open with candy to be given out in a safe and friendly environment. Previous years have proven this to be a positive and popular event.

Thank you for your consideration of this request and for your past support.

Sincerely,

Judy Forant

RE: Secretarial Services for the EMS Committee (EMSC)

Honorable Board,

Over the past several years the EMSC has been holding meeting without the assistance of secretarial assistance. Most recently Jerry Bardwell has served as recording secretary as well as Vice Chairman, but, has recently resigned both positions.

May we respectfully request an appropriate person be assigned to the EMSC to take and record the minutes of the committee meetings. As you are aware this is a completely volunteer committee and it has become a hardship for the members to provide the secretarial services.

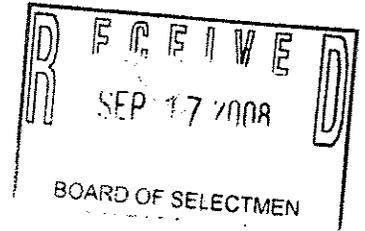

Thank you for your consideration of this matter.

Respectfully Submitted,

William E. Warner, Chairman
For the Committee

Michael Lees, *RSVP State Trainer*

Paul Branagan, *Advisor &
MASC Deputy Executive Director*

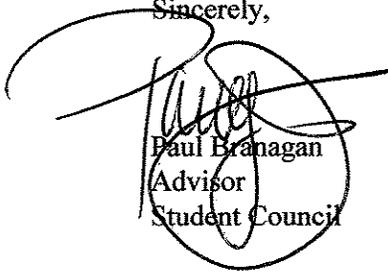

Dear Members of the Middleboro Board of Selectmen,

The Middleboro High School Student Council has been putting together the ninth annual Homecoming at the high school. Homecoming week is scheduled for October 6th - 11th 2009. The Homecoming game is scheduled for Saturday, October 11th against the Hanover Indians.

On the morning of October 11th, we would like to host a small parade that would proceed from the High School, down Fairview Street, up Wareham Street, and turn on to Benton Street to reach Battis Field, where the Homecoming game will be played. The parade would not be very large, consisting of four small floats, one for each class, the band, and the twirlers.

We have spoken to Chief Gary Russell who has approved these events and has asked us to address the town selectmen for the approval of our proposal. We would like to know if you would agree to support this very successful event that truly brings our school together. This event would bring together the school community and the Town of Middleboro as it celebrates its annual Homecoming. If you have any questions, please contact Paul Branagan, the Student Council advisor at (508) 946 - 2010, ext. 135. Thank you for your time and commitment to the student like in Middleboro.

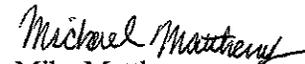

Sincerely,

Paul Branagan

Subject: Surplus Equipment for disposal

Honorable Members

The Information Technology department is requesting that the Board declare surplus the attached list of equipment for disposal. I have reviewed the items which have been collected from all departments and many of these items have been either replaced, found un-repairable, lack replacement parts or are old technology.

I appreciate your assistance and support on this matter.

Respectfully Submitted

September 11, 2008

Mr. Adam Bond
Chair, Board of Selectmen
20 Centre St. - 2nd Fl.
Middleborough, MA 02346

Dear Mr. Bond,

The Executive Office of Transportation and Public Works has begun a planning process to restore passenger rail service from Boston's South Station to the South Coast. In planning this project, we are working with the Executive Office of Housing and Economic Development to approach the design of this project differently from past projects by tying the plans for the rail closely to land use changes that will support new jobs and environmental preservation.

As you may know, the state will be offering smart growth technical assistance to communities participating in the South Coast Rail Economic Development and Land Use Corridor Plan. The assistance is intended to advance local goals and Commonwealth sustainability principles related to: compact residential and mixed-use development; town center and station area development; water and wastewater infrastructure capacity management; job creation; preservation of working landscapes; historic preservation; affordable housing; alternative energy production; environmental sustainability; and open space preservation.

To access this opportunity, we ask that you **select three areas of potential assistance from the enclosed list** and use the enclosed form to briefly describe the issues you seek to address. We will make every effort to accommodate your top request. Based on our understanding of the issues discussed during the Middleborough Corridor Plan meeting and input from your regional planning agency, Middleborough might consider requesting technical assistance for the following:

- Station area TOD analysis and recommendations

TEN PARK PLAZA, BOSTON, MA 02116-3969
TELEPHONE: (617) 973-7800 • TELEFAX: (617) 973-8040 • TDD: (617) 973-7306 • WWW.MASS.GOV/EOT

- Design principles for station site or town center areas
- Multi-modal opportunities at proposed stations

You are welcome to request any type of assistance included in the attached list. However, because the number of technical assistance hours the state is able to provide is limited, **assistance most closely associated with the rail project and with smart growth goals will receive priority.**

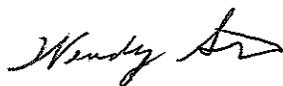

Communities wishing to participate in the technical assistance program must commit to designating a contact person who will provide information in a timely manner and convene participants in necessary meetings. Assistance will be provided between November 2008 and February 2009 by state agencies, regional planning agencies, and/or consultants.

Please return your form to the following address:

Kristina Egan
South Coast Rail Manager
Ten Park Plaza
Boston, MA 02116-3969

All forms must be received by October 10. Thank you for your participation.

Sincerely,

Wendy Stern
Undersecretary of Transportation

Greg Bialecki
Undersecretary of Housing and Economic
Development
